Specific method(s): Provision to contain effluent from fire extinguishing. Cool closed containers exposed to fire with water spray.

Specific fire hazard(s): Vapours are heavier than air and spread above ground. In case of fire, product decomposes in: carbon oxides (CO and CO2) and smokes. Concerning product toxicity, see item 11 and about product stability and reactivity see item 10.

Special protective equipment for fire-fighters: Use a self-contained breathing apparatus and also a protective suit.

6. ACCIDENTAL RELEASE MEASURES

Personal precaution(s): Evacuate personnel to a safe area. Remove all sources of ignition. Be careful to flashback of fire. Ensure adequate ventilation. Avoid contact with skin, eyes, or clothing. Concerning personal protective equipment to use, see item 8.

Environmental precaution(s): Stop leak without risks if possible. Dike and contain spill. Prevent product from entering drains. Do not allow material to contaminate ground water system. Concerning disposal elimination after cleaning, see item 13.

Method(s) for cleaning up: Scoop spilled material, and gather remainder carefully. Soak up with absorbent material (for example sand, sawdust, neutral absorbent granule, silica gel). Shovel into suitable and closed container for disposal. Dispose as hazardous waste.

7. HANDLING AND STORAGE

Handling:
- Precaution(s): Vapours may form flammable mixture with air. Do not eat, drink and do not smoke in areas where product is used. Shower, eyes shower and water point in proximity. Avoid all eyes and skin contact and do not breathe vapour and mist. Wear personal protective equipment (see item 8).

- Technical condition(s): The product should only be used in areas from which all naked lights and other sources of ignition have been excluded. Avoid static electricity discharges. Ventilation along floor.

- Safe handling advice(s): Opened containers must be carefully closed and kept upright to avoid leakage. Avoid skin and eye contact. Avoid inhalation of vapour and spray mist. Open container carefully to avoid spurting.
