HEAVY FRENCH POLISH

For over four generations, Fiddes have blended the finest natural Shellac to produce a range of French Polishes that have become internationally established throughout the fine woodworking and antique restoration market.

Fiddes offer a selection of different types of flake and powdered Shellac mixed to traditional, proven formulations that are suitable for both brush and rubber application.

A selection of 'Sprayable' Shellac Polishes have also been formulated and are available on request.

Popular for producing rich, warm tones, Heavy French Polish is a favourite amongst antique restorers and cabinet makers. Heavy French Polish is often used instead of a wood dye to recreate that amber, high gloss appearance so typical of many period antique finishes.

APPLICATION

Fiddes Shellac Polishes are ideally suited for application on top of Fiddes complete range of Wood Stains, Dyes & Shellac Sealer. NB. Always finish with a coat of Fiddes Supreme Wax Polish or Mellow Wax Polish to further protect and enhance the natural beauty of your wood.

Application: Brush / Rubber.

Dry Time: 20 – 30 Minutes.

Coverage: 8 sqm per litre, depending on substrate and method of application.

Thinners: Finishing Spirit / Methylated Spirits

Coats: Two coats on hardwood, maximum of three on softwood or more porous timber.

Recommended for use on: Fine Furniture, Doors, Floors, Cabinet Work and Panelling.

Packaging: 1lt – 5lt
