

Garnet Shellac Flakes

- **Used to make up French Polishes**
- **Suitable for antique restoration and furniture production**
- **Easy to use**
- **Dark brown in colour**

Product use

Liberon Garnet Shellac Flakes produce a dark brown coloured French Polish which is often used in antique restoration or bespoke production of furniture.

Application

Add 250 g of Garnet Shellac Flakes to 1 L of methylated spirit and allow the shellac flakes to soak for a minimum of 24 hours or until all the shellac flakes have dissolved.

Stir or shake occasionally to help the shellac flakes to dissolve more easily. More shellac flakes or methylated spirit may be added to adjust strength according to your personal preference.

Packaging

250 g, 500 g

Storage

Store in a cool dry place.
