PRODUCT DATA SHEET

Product	Briwax Original Wax Polish – Clear and range of colours
Type	A traditional formulation using only refined Natural Beeswax and Carnauba Wax.
Intended Use	Provides a natural sheen to sealed wood. Used for restoration of antique furniture. Always check compatibility with antique furniture and pre-finished furniture.
Special Features	Revives the natural colour of wood and enriches the patina of all good furniture.
Preparation	The surface must be clean and dry. Briwax Original Polish can be used on previously waxed surfaces. For best results initially clean the surface with Briwax Wax Polish Remover .
Application	Apply to the surface with a soft lint free cloth or 0000 Briwax Steel Wool working with the grain. Once dry, buff with lint free cotton cloth to achieve the desired finish.
Coats	One coat is usually sufficient but a second coat may be applied to obtain a higher sheen.
Drying Time	Quick drying.
Re-coating Time	Re-apply if required after a few minutes.
Application Temp.	Ideally 15-25° C
Coverage	N/A
Maintenance	Re-apply when necessary.
Compatibility	Compatible with all types of timber finishes. For best results and to prevent a blotchy appearance timber should always be previously sealed with a varnish, oil or Briwax Shellac Sanding Sealer . The product is not designed for use in areas where it will come into contact with water.
Settlement	N/A
Shelf-life/Storage	A very long time if stored in original container tightly sealed in a cool dry place.
Hazards	Highly Flammable. Harmful: danger of serious damage to health by prolonged exposure by Inhalation. May cause lung damage if swallowed. Possible risk of harm to the unborn child. Vapours may cause drowsiness or dizziness. A full Health & Safety Data Sheet is available upon request or on www.briwax.co.uk
Clean-Up	Hands and application cloth can be cleaned in warm soapy water.
Sizes	400g 5 Litre 20 Litre
